SUBJECT: Export Controls on Iran (S)

The PRG meeting held on August 6 discussed a range of alternatives for imposing additional trade controls on Iran. The attendees agreed that additional staff work was essential before the options could be considered for decision. (S)

The State Department should bring together an interagency group with representatives from the agencies listed above and provide the following: (1) alternatives for expanding the list of items now included in option B of the State Department paper on export controls for Iran. This is due to the NSC no later than COB Wednesday, August 12, 1987. (2) discussion of the range of alternatives available under a total trade embargo, including prohibiting financial transactions and all imports of Iranian oil and refined products as well as other commodities. (3) In addition, State should take the lead in examining other measures such as travel restrictions for Iran, visa restrictions on Iranian nationals, restrictions on the Iranian interest section and/or the Iranian UN mission. These last two papers should be submitted jointly to the NSC no later than August 18, 1987. (S)
